2014-2015

Since 1994, Home chic Home Group has created world-class property developments in the Limassol region of the beautiful island of Cyprus. These developments offer a wide variety of lifestyle choices, all which showcase the glamorous, modern, or classical design of a home or building. As Mrs. Athanasiou claims: “The designs of our buildings are very chic – so chic, in fact, that it is part of our identity! Our first class development stands out among the crowd, and the quality of our structures is unparalleled”.

CUSTOMER-ORIENTED ARCHITECTURE AND DESIGN

By engaging with prestigious international and Cypriot architectural practices, Home chic Home Group is able to offer design that visually excite clients, as well as meeting their practical needs.

INTERIOR AND EXTERIOR DESIGN CONSULTATION FROM A-Z

As part of a total commitment to clients, the company offers comprehensive interior and exterior design services. An in-house team of professional, qualified designers and architects will undertake the task of creating a personalized environment that suits individual style and taste.

Interior designs will integrate the clever use of lighting, decorative finishes, flooring, furniture, textures and materials to create an unparalleled ambiance. Long-standing associations with highly respected companies ensure that top-quality branded products are always used.

WE ARE THE RENOVATION AND REMODELLING SPECIALISTS.

The Home chic Home construction division offers the total spectrum of services necessary to move projects from concept to completion – including free interior design consultation. At Home chic Home, we manage all our projects using a design – build team (DBT) approach. This system utilizes skilled and dedicated professionals from the various disciplines that are required to guarantee successful project execution and implementation. Our DBTs are staffed by an experienced project manager, a project engineer, two interior

designers, and a project operation leader, who work together with skilled contracted craftsmen. These committed teams not only get the job done right, but they also provide our clients with the unique Home chic Home 'peace of mind'.

To us, it is as simple as that!

We have the passion and skill to transform your house, your office space, your business or your shop into your dream space. The creative team at Home chic Home focuses on villa and apartment renovations and extensions, as well as office, showroom, restaurant, spa and hotel fit-outs.

Home chic Home takes a unique approach to property development – creating exclusive lifestyle estates, apartments and individual villas, together with mixed-use complexes, spa centers and other leisure and entertainment projects – all with a truly Mediterranean flavor. We are committed to offering viable, well-planned environments that provide increasing asset values for purchasers, and enhance the areas in which they are located.

A strong focus on financial feasibility and sustainability, combined with modern design and aesthetic vision defines us –and of course, all of our management and safety procedures are ISO compliant. Our proven track record and many completed developments – including European Property Awards winners-illustrate the superiority of our talents and abilities. We deliver prestige full-featured homes, all in prime locations.

Exceptional after-sales services set us apart and place us above our competitors.
